

MEETING REPORT

Team Name: RORA

Date of Meeting: 22.03.2018

Start Time:10:15

End Time:11:45

Meeting Location: 21 Dhjetori

Moderator: Ogers Ruda

Recorder: Aleks Tare

Other Members Present: Renato Saliu , Romario Balukja

Members Absent: None

Topics Discussed:

- After deciding about which topic to choose the previous week, now we had to think about what platform to use to build our application. After discussing we came to the conclusion to use C# programming language together with .NET framework. Even why we do not have previous knowledge about this programming language we thought that it would be easier because of the usage of visual studio in the same time and also we would be learning a new language.

Decisions Made:

- Usage of C# programming language and .NET framework for our application
- During this week all of us had to finish the course of learning C# language.
- The team leader would build a database schema and show it to other members where they will give their opinions and suggestions if there are any

Tasks Assigned:

- Learning how to code in C#
- Everyone of us should think about a design type for our application and show it to the other members of the group

Time, Place, and Agenda for Next Meeting:

Date of Next Meeting: 26.03.2018

Start Time:15:15

End Time:16:15

Meeting Location: Tirane

The date and time of meeting can change according everyone's situation as we do not want to have absence on our meeting but the time offered is the one that we will try to respect.

Next Meeting Objectives:

- To have a good knowledge on C# so we can be able to start with our application
- Having a final database schema so we can start on processing it by coding
